Dear Ms. Van Mol Bryan,

Under Section 52(1) of the *Forest Act of British Columbia*, I am authorizing BC Hydro to cut, damage or destroy Crown timber on Crown land for a period of one year as per the attached map. The description of the area is the Charlie Lake Outfall sewage pipe, west of Fort St John.

The purpose of this authorization is to allow timber to be cut, damaged or destroyed to access the Charlie Lake Outfall sewage pipe worksite. These activities are associated with Site C Clean Energy Project.

BC Hydro is required to:

- Abate the fire hazard as per the *Wildfire Act*;
- Notify the Peace Forest District via e-mail to the PeaceDistrict.Tenures@gov.bc.ca prior to commencement of activities.

This Section 52 *Forest Act* authorization will expire one year from the date it is issued.
