# Notice of Pre-Consultation Program

## PEACE RIVER SITE C HYDRO PROJECT

AN OPTION TO HELP CLOSE B.C.'S GROWING ELECTRICITY GAP

### Tell us how you would like to be consulted and about the topics you wish to discuss.

As directed by the 2007 BC Energy Plan, BC Hydro is commencing a pre-consultation process to seek input from local, regional, and provincial communities and stakeholders on the potential for an additional hydroelectric facility on the Peace River – Site C.

A decision on whether to build Site C is still years away. The project is one of several options available to help meet the growing gap between supply and demand of electricity in B.C.

During the pre-consultation process, BC Hydro is seeking input on how British Columbians want to be consulted about the project and the topics they wish to discuss.

#### Feedback opportunities include:

- Online consultation discussion guide and feedback form: [www.bchydro.com/sitec](http://www.bchydro.com/sitec)
- Written submissions: [sitec@bchydro.com](mailto:sitec@bchydro.com) or PO Box 2218, Vancouver, BC V6B 3W2
- Community Consultation Office:  
9948 100<sup>th</sup> Ave, Fort St. John (*opening early 2008*)
- Toll-free phone: 1-877-217-0777
