

Site C Employment by Month: October 2017

The table below shows the latest Site C employment numbers¹. As with any construction project, the number of workers — and the proportion from any particular location — will vary month-to-month and also reflects the seasonal nature of construction work.

October 2017 Highlights

- The latest employment statistics show that there were 1,974 total workers on the Site C project in October 2017.
- Of the total workers, 1,607 were from British Columbia, or 81%.
- There were 504 workers on site from the Peace River Regional District — that's 34% of the Construction and Non-Construction contractor's workforce.

Site C Employment Statistics – October 2017				
	# of Total Workers	# of B.C. Primary Residents	% of B.C. Workers	# (and %) of Peace River Regional District Primary Residents
Construction and Non-Construction Contractors² <i>Excludes work performed outside of B.C. (e.g., Manufacturing)</i>	1,500	1,163	78%	504 (34%)
Engineers and Project Team³	474	444	94%	---
Total Workforce	1,974	1,607	81%	---

Employment numbers are provided by Site C contractors and consultants. Numbers are subject to revision and corrections provided by contractors and consultants. Data not received by project deadline may not be included in the above numbers.

BC Hydro has contracted companies for major contracts, such as main civil works, who have substantial global expertise. During the month of October 2017, there were 14 workers in a specialized position working for Site C Construction and Non-Construction Contractors, which were subject to the Labour Market Impact Assessment process under the federal Temporary Foreign Worker Program. Additionally, there were 33 management and professionals working for Site C Construction and Non-Construction Contractors through the federal International Mobility Program.

There were 18 apprentices employed during the month of October 2017. As with any construction project, the number of apprentices will vary depending on the type work being performed.

¹ Employment numbers are direct only and do not capture indirect or induced employment.

² Construction and Non-Construction Contractors includes work performed on Site C dam site, transmission corridor, reservoir clearing area, public roadwork, worker accommodation and services.

³ Engineers and Project Team are comprised of both onsite and offsite workers. The Project Team includes consultants, BC Hydro Construction Management and other Site C project staff. An estimate is provided where possible if primary residency is not given.

Site C Employment by Month: October 2017

Indigenous

There were 132 Indigenous people working for Site C Construction and Non-Construction Contractors. The number of indigenous people was provided by on-site Construction and Non-Construction contractors that have a contractual requirement to report on indigenous inclusion in their workforce. Workers voluntarily self-declare their indigenous status to their employer.

Women

There were 270 women working for Site C Construction and Non-Construction contractors. The number of women was provided by on-site Construction and Non-Construction contractors that have a contractual requirement to report on the number of women in their workforce.

Site C Construction and Non-Construction Contractors' Job Groupings (October 2017)

The table below shows⁴ the latest Site C Construction and Non-Construction Contractors numbers⁵, broken down by job groupings. As with any construction project, the number and type of workers will vary due to the seasonal nature of construction work and the type of work performed.

The data below is reflective of Construction and Non-Construction Contractors that are required to provide job classification data. Job classification data not required by contractors is also noted. Data provided by Site C contractors are subject to revision. Data not received by project deadline may not be included in the numbers.

⁴ Employment numbers are direct only and do not capture indirect or induced employment.

⁵ Construction and Non-Construction Contractors includes work performed on Site C dam site, transmission corridor, reservoir clearing area, public roadwork, worker accommodation and services, and office staff.
