

## Site C Employment by Month: April 2017

Since construction started in summer 2015, BC Hydro's Site C Clean Energy Project has been creating jobs for British Columbians. In the coming months and years, many more jobs will be created as main civil works increases activities, and as major contracts get underway for turbines and generators, transmission and the generating station and spillways.

The table below shows the latest Site C employment numbers.<sup>1</sup> As with any construction project, the number of workers — and the proportion from any particular location — will vary month-to-month and also reflects the seasonal nature of construction work.

### April 2017 Highlights

- The latest employment statistics show that there were 2,212 total workers on the Site C project in April 2017.
- Of the total workers, 1,800 were from British Columbia, or 81%.
- There were 648 workers on site from the Peace River Regional District — that's 36% of the Construction and Non-Construction contractor's workforce.

Site C Employment Statistics – April 2017				
	# of Total Workers	# of B.C. Primary Residents	% of B.C. Workers	# (and %) of Peace River Regional District Primary Residents
<b>Construction and Non-Construction Contractors<sup>2</sup></b> <i>Excludes work performed outside of B.C. (e.g., Manufacturing)</i>	1,811	1,457	80%	648 (36%)
<b>Engineers and Project Team<sup>3</sup></b>	401	343	86%	---
<b>Total Workforce</b>	2,212	1,800	81%	---

*Employment numbers provided by Site C contractors and consultants are subject to revision. Data not received by project deadline may not be included in the above numbers.*

BC Hydro has contracted companies for major contracts, such as main civil works, who have substantial global expertise. During the month of April 2017, there were 4 workers in a specialized position which was subject to the Labour Market Impact Assessment process under the federal Temporary Foreign Worker Program. Additionally, there were 26 management and professionals working on the project through the federal International Mobility Program.

There were 50 apprentices employed during the month of April 2017. As with any construction project, the number of apprentices will vary depending on the type work being performed.

<sup>1</sup> Employment numbers are direct only and do not capture indirect or induced employment.

<sup>2</sup> Construction and Non-Construction Contractors includes work performed on Site C dam site, transmission corridor, reservoir clearing area, public roadwork, worker accommodation and services.

<sup>3</sup> Project Team includes consultants, BC Hydro Construction Management and other offsite Site C project staff. An estimate is provided where possible if primary residency is not given.

## Site C Employment by Month: April 2017

### **Aboriginals**

There were 188 Aboriginal people working for Site C Construction and Non-Construction Contractors. The number of Aboriginal people was provided by on-site Construction and Non-Construction contractors that have a contractual requirement to report on Aboriginal inclusion in their workforce. Workers voluntarily self-declare their Aboriginal status to their employer.

### **Women**

There were 328 women working for Site C Construction and Non-Construction contractors. The number of women was provided by on-site Construction and Non-Construction contractors that have a contractual requirement to report on the number of women in their workforce.

## Apr 2017: Site C Construction and Non-Construction Contractors' Job Groupings

The table below shows<sup>4</sup> the latest Site C Construction and Non-Construction Contractors numbers<sup>5</sup>, broken down by job groupings. As with any construction project, the number and type of workers will vary due to the seasonal nature of construction work and the type of work performed.

The data below is reflective of Construction and Non-Construction Contractors that are required to provide job classification data. Job classification data not required by contractors is also noted. Data provided by Site C contractors are subject to revision. Data not received by project deadline may not be included in the numbers.

<sup>4</sup> Employment numbers are direct only and do not capture indirect or induced employment.

<sup>5</sup> Construction and Non-Construction Contractors includes work performed on Site C dam site, transmission corridor, reservoir clearing area, public roadwork, worker accommodation and services, and office staff.
