Dear Mr. Mossop:

**Subject: Notification of modification to dates in conditions of Paragraph 35(2)(b) Fisheries Act authorization (15-HPAC-00170)**

The Fisheries Protection Program (the Program) of Fisheries and Oceans Canada hereby modifies the condition that relates to the period during which the work, undertaking or activity that will result in serious harm to fish can be carried on, for the Paragraph 35(2)(b) *Fisheries Act* authorization 15-HPAC-00170 issued to you on September 30, 2015.

The period during which the work, undertaking, or activity can be carried on is now from the Date of Issuance to June 30, 2017. In Condition 3.1 of the authorization, the date by which the Proponent is to report to DFO is modified to June 30, 2017 unless otherwise specified by DFO.

The Program has determined that the modification of the dates in the conditions of authorization will not increase the level of harm to fish and habitat described in the authorization.

A copy of this authorization and a copy of this letter must be kept on site while the work is in progress. Work crews must be familiar with and able to adhere to the conditions.

Failure to comply with the conditions of the authorization may lead to prosecution under the *Fisheries Act*.

If you or anyone conducting work on your behalf has any questions please contact Brian Naito at our Regional Headquarters office at 604-790-4260 or by email at [brian.naito@dfo-mpo.gc.ca](mailto:brian.naito@dfo-mpo.gc.ca).

Yours sincerely,

Cheryl Webb  
Regional Director  
Ecosystem Management Branch
