Dear Bettina Sander;

Under Section 52 (1) of the Forest Act of British Columbia I am authorizing BC Hydro and Power Authority to harvest timber along a portion of the Wilder Road extension right-of-way, described as commencing at approximately 14.5 km on the existing Wilder Road (R12206) and running for a length of 2.9 km with a width of 25 m.

The purpose of this authorization is to allow you to clear or remove timber for upgrades to the Wilder Road extension and thereby allow safe industrial access to the southwest side of the Site C reservoir for vegetation clearing and disposal. It is estimated that the total volume of timber within the area of the proposed road upgrades meeting the merchantability specifications is less than 2 m3.

Please note that the timber impacted is not to be moved off site, and no fire hazard is to be created (no debris piles to remain).

This authority expires June 1, 2017. Should you have any further questions regarding this authorization please contact Susie Anderson at (250)-784-1203.

Yours truly,

Karilyn Vince
