Attention: Bettina Sander

RE: Notice to the Minister under the *Navigation Protection Act* for review of a Bridge, located on Moberly River, Peace River at its confluence with Moberly River (vegetation clearing crossing X38), unsurveyed portions of the bed of the Peace River lying within Sections 15 and 16 of Township 83 Range 19 West of the 6th Meridian Peace River District, in the Province of British Columbia

Our assessment of your work has determined that it is not likely to substantially interfere with navigation.

Therefore your work is permitted under section 9(1) – Construction, of the *Navigation Protection Act* (NPA) and you may proceed per the attached plan (1) in accordance with the following terms and conditions:

1. The NPA Approval and its Terms and Conditions shall be posted at an easily accessible place at the worksite.
2. In the event that the operation of the above works is terminated, it will be the proponent's responsibility to remove the works and associated equipment in its entirety including any anchors and pilings. The banks and bed of the waterway disturbed by the works to be contoured to match the local conditions if required.
3. Install and maintain warning sign at locations approximately 200m upstream of the construction site advising of the work in progress. Sign shall be a minimum of 72"x 48", a white background with black lettering, with text as outlined below. Sign to be emplaced prior to and for the duration of construction. (Exempt from upstream warning signage if Moberly river debris boom signage is in place)

WARNING CONSTRUCTION AHEAD

4. If vessel traffic is not blocked, the following conditions apply:
 - Install and maintain warning signs at locations approximately 100 downstream of the advising of the work in progress. Signs shall be a minimum of 72" x 48", a white background with black lettering, with text as outlined below. Sign to be emplaced prior to and for the duration of construction. (Exempt from downstream warning signage if Moberly river debris boom is in place)

WARNING CONSTRUCTION AHEAD ON MOBERLY RIVER

5. Proponent may use the Canadian Dam Association signage standards in regards to shape, colour and size. Locations and wording are to be as per the Terms and Conditions of the permit or approval.

Pursuant to Sec. 34 of the Navigable Protection Act, the owner shall provide unimpeded access to the Minister or their representatives for inspection purposes.

Pursuant to Sec. 5 of the Navigable Waters Works Regulations, all temporary piles, false works, silt curtains, construction material or debris, etc. are to be completely removed from the waterway.

Please note that permission relates only to the effect of your work on navigation under the NPA. It is the owner's responsibility to comply with any other applicable laws and regulations.

Should you have any questions, please do not hesitate to contact our office in Vancouver by phone at (604) 775-8867 or by e-mail at NPPPAC-PPNPAC@tc.gc.ca.

Respectfully,

Ryan Greville
