## 1.0 Background

The Site C Clean Energy Project is a hydroelectric dam and generating station under construction in northeast B.C. Construction started in July 2015 and the project will be in service in 2025. Site C will help meet future electricity needs by providing 1,100 megawatts of dependable capacity, and producing about 5,100 gigawatt hours of energy each year — enough to power the equivalent of 450,000 homes in B.C. per year. Once built, the project will be a source of clean, reliable and cost-effective electricity in B.C. for more than 100 years.

The key components of the project are:

- Access roads and a temporary construction bridge across the river, at the dam site.
- Worker accommodation at the dam site.
- Upgrades to 240, 269, 271 and Old Fort roads.
- The realignment of six segments of Highway 29.
- Two temporary cofferdams across the river to allow for construction of the earthfill dam.
- Two new 500 kilovolt transmission lines connecting Site C to the Peace Canyon Substation, within an existing right-of-way.
- Shoreline protection at Hudson’s Hope, including upgrades to DA Thomas Road.
- An 800-metre roller-compacted-concrete buttress to enhance seismic protection.
- An earthfill dam, approximately 1,050 metres long and 60 metres high above the riverbed.
- A generating station with six 183 MW generating units.
- An 83-kilometre-long reservoir that will be, on average, two-to-three times the width of the current river.

### 1.1 Environmental Assessment Certification Conditions

The [Site C Business Participation Plan](#) has been developed in accordance with Conditions 51, 54 and 72 of the Environmental Assessment Certificate (EAC), and supports local and regional business participation in the project. Table 1 describes where in the Business Participation Plan each aspect of the EAC conditions is addressed.

This Business Participation Plan Annual Report provides a review of the activities undertaken in the reporting period, which is July 1, 2021 to June 30, 2022.

**Table 1. EAC Conditions addressed in the Business Participation Plan**

<b>EAC CONDITION 51</b>		
<b><i>Business Participation Plan Section 3.1 – Increasing awareness in the business community about Site C procurement opportunities</i></b>		
<b>Business Directory</b>	<p>The Site C Business Directory ensures that interested businesses have information about project opportunities. Registered companies receive updates, via email, on potential business opportunities as they arise, as well as notifications about events such as business information sessions and business-to-business networking sessions with proponents for Site C major contracts. The business directory is shared with the major contractors involved in project-related activities to enable contractors to identify local partners and suppliers.</p>	<p>BC Hydro has promoted the Site C Business Directory on its website, in print materials, at public meetings and as part of the public enquiry program.</p> <p>Procurement opportunities are emailed to the Site C Business Directory registrants.</p> <p>The Business Directory is periodically shared with BC Hydro’s on-site team and Site C contractors.</p> <p>As of June 30, 2022, there were <b>1,499 companies</b> registered with the Site C Business Directory.</p>
<b>Procurement Notifications and Updates</b>	<p>BC Hydro undertakes broad notification of construction-related procurement opportunities. Notification methods include:</p> <ul style="list-style-type: none"> <li>• BC Bid</li> <li>• Notification to businesses registered with the Site C Business Directory</li> <li>• Updates to the Business Opportunities section of <a href="http://sitecproject.com">sitecproject.com</a></li> <li>• Procurement updates</li> <li>• Notification to local and regional business associations</li> </ul>	<p>Where appropriate, procurement opportunities, including Requests for Proposals (RFP), Requests for Qualifications (RFQ) and Notice to Vendors (NTV) were posted to BC Bid.</p> <p>Procurement notifications and updates were provided to the Site C Business Directory, local and regional stakeholders and business associations. The Site C website was updated as required with this information.</p> <p>These notifications took place as follows:</p>

Activity or Tool	General Description	Status During the Reporting Period (July 2021 – June 2022)
	<p>Procurement updates provide information about the status of procurements, a description of the project components and the timeline for the competitive selection process.</p> <p>BC Hydro distributes procurement updates via the Site C Business Directory at key milestones in the competitive selection process (i.e. RFQ, RFP, etc.).</p> <p>BC Hydro provides procurement updates to local and regional business associations.</p>	<ul style="list-style-type: none"> <li>• November 1, 2021: BC Hydro issues NTV for the Area E road upgrades work.</li> <li>• October 29, 2021: BC Hydro issues RFP for the quality assurance services work.</li> <li>• September 17, 2021: BC Hydro issues RFP for the balance of plant – heating, ventilation and air conditioning (HVAC) system.</li> <li>• August 20, 2021: BC Hydro issues RFP for the balance of plant – fire detection and prevention.</li> <li>• August 17, 2021: BC Hydro issues RFP for the supply and delivery of industrial PC equipment.</li> <li>• July 23, 2021: BC Hydro issues RFP for the balance of plant – architectural.</li> </ul>
<p><b>Business Networking Sessions</b></p>	<p>Business-to-business (B2B) networking sessions provide an opportunity for proponent teams or contractors to meet with local, regional and Indigenous companies in an organized forum with the objective of forming partnerships and creating business opportunities.</p>	<p>No business networking sessions were held by BC Hydro during this period. BC Hydro encouraged Site C contractors to liaise directly with the local and regional business community, where appropriate.</p> <p>To facilitate business-to-business interaction, contact information has been posted on the project website for Site C’s contractors.</p> <p>The Site C Business Directory has been shared with major on-site contractors.</p> <p>In this reporting period, Site C contractors engaged with the business community through participation in a variety of</p>

### 3.0 Reporting

As per Section 7.0 of the Site C Project Business Participation Plan, BC Hydro will publicly report on the following business participation activities on an annual basis:

Reporting Requirement	Year Seven Update (July 2021 to June 2022)
Number of registrants in the Site C Business Directory	As of June 30, 2022, there were 1,499 companies registered with the Site C Business Directory.
Number of attendees at business-to-business networking sessions and business information sessions	BC Hydro encouraged Site C’s contractors to liaise with the business community directly. In order to facilitate business-to-business relationships, contact information has been posted online for our contractors. Further, the Site C Business Directory is regularly shared with all on-site contractors and BC Hydro’s procurement team.  See <b>Appendix A</b> for more information about business participation activities.
Visits to the Site C project website – Business Opportunities pages	Information about the status of procurements, the procurement approach and procurement forecast is publicly available on the Business Opportunities section of the project website.  The Procurements page on the project website had 96 visits November 1, 2021 to June 30, 2022. <sup>2</sup> This averaged 12 views a month.  <b>Appendix B</b> provides a report of visits to the three key procurement pages.
Number of respondents to Requests for Supplier Qualifications (RFSQ)	No RFSQs were posted during the reporting period.
Number of local, regional and Indigenous contractors working on the Site C Project	Each month, the major contractors on the project are required to submit the names and addresses of local and regional businesses that have been hired to perform the work.  <b>Appendix C</b> provides a list of nearly 1,100 northern B.C. businesses that have engaged in project work from the start of construction.

### Site C COVID-19 Updates

We continue to work with Northern Health to monitor the latest developments of the COVID-19 pandemic in order to help prevent the spread of the virus on the project.

With the support of Northern Health, the project has a rapid testing program to focus on workers showing symptoms. Rapid tests continue to be used for case and contact management.

As of January 10, 2022, all workers at site are fully vaccinated.

In addition, BC Hydro is strictly following Ministry of Health guidelines.

**We update these numbers weekly. The last update was July 15, 2022.**

Site C camp status: July 15, 2022	
Number of workers staying in camp	1,834
Number of active COVID-19 cases	2
Number of new cases over the past seven days	10
Total number of cases since January 1, 2022	843
Total number of cases since March 1, 2020	1,197

Throughout the pandemic, BC Hydro has continued to prioritize employee health and safety by implementing measures across site to minimize the risk of transmission at the worker accommodation, all work fronts, and all construction offices by offering vaccination clinics to Site C workers and employees. BC Hydro also worked closely with local government, First Nations and health authorities. Through regular communication, these stakeholders were kept informed about pandemic-related updates on the Project.

## Appendix A: Business Presentations and Meetings

BC Hydro encourages Site C contractors to liaise with the business community directly. The tables below provide details about the business participation activities that BC Hydro and Site C contractors engaged in during the reporting period.
